Star Athletes Need Help To Attend National Meets

Albany and the East Bay Area have been blessed with two of the most outstanding high school track stars in the nation—Mike Shavers and Ralph Fruguglietti.

Mike has been the area's best sprint star for the past 3 years and has run several 9.5 100-yard and 21.0 22-yard dashes. He is also the 1972 State Meet 220 champ, and runner-up in the 100.

Ralph is the all-time East Bay record holder in the discus, with a toss of 194'0", which also places him 2nd in the nation by just 2 inches. He has put the shot at 62'1".

Both of these young Albany High School students are truly outstanding and deserve the support of the community, to enable them to compete in several championship invitational track meets, which are open only to the best 10 or 12 competitors in each event in the United States.

The three very important meets to which Mike and Ralph have been invited are: the International Prep Track & Field Invitational, to be held Saturday, June 9, at Mt. Prospect, Illinois; the Golden West Invitational, June 16, at Sacramento, and the National AAU Junior Track and Field Championships, taking place June 22 and 23, at Gainseville, Florida, with the top finishers competing with teams from Russia, Poland and Germany in Europe in July.

Invitations to these meets are truly an honor, but the transportation cost is considerable. In order to help these two young men to get to these meets a benefit drawing for a color TV is scheduled to be held on Sunday, June 3. Donation tickets, at $1 each, are available at the High School office; Mary & Joe's Sporting Goods store, 913 San Pablo Ave.; Cal Bros. Jewelers, 823 San Pablo Ave., and the Albany Times, 1240 Solano Ave.

Popular 'Concert In Park' Sunday

The seventy-eight piece Albany High School Concert Band will present an old-fashioned "Concert In The Park" for the citizens of Albany, next Sunday afternoon, June 3, in Memorial Park. The program will begin at 2 p.m. and will follow the dedication ceremonies for the new Pomona play area.

This is the sixth year that the Albany Band has presented an outdoor concert, and it has proved to be one of the Band's most popular affairs. Families sit around on the grass or in chairs, picnic, and listen to the music in a relaxed, informal atmosphere.

The Albany High School Band, directed by Ernest Douglas, will play popular selections from the pen of Hollywood composer Henry Mancini, compositions by Duke Ellington, the First Suite for Military Band by Gustav Holtz, Borodin's First Symphony, and the "Overture For Winds" by Charles Carter.

The Band's popular Flag Girls, led by Band President Linda Hiscox, will perform some of the routines they featured during football and basketball season, & the Albany Stage Band, led by student director Joe Cravotto, will give a sampling of jazz and rock styles. Featured with the Stage Band will be saxophonists Mike Overman and Greg Hazarabedian, and award-winning drummer Ian Wright.

Epilepsy Meet At Fire House

Arrangements have been made with the Contra Costa-Alameda Epilepsy League, to have Dr. Mark Wisen, a neurologist and chairman of the League's professional advisory committee, as a speaker at a special meeting on epilepsy and the treatment of epileptic seizures. The meeting will be held at the Albany Fire Station, Wednesday, June 6, at 8 p.m.

Because of the increasing role fire and police departments are playing in medical emergencies, the League is offering the service to provide emergency staffs with accurate information about the treatment of epileptic seizures. However, interested members of the public are also invited to attend the meeting.

Two informative pamphlets will also be distributed at the meeting—one, on what epilepsy is, and the other on emergency care during a seizure. These pamphlets will also be available at the Fire Station to those who are interested but unable to attend the meeting. For further information please call 525-7141.

Free Movies At Albany Library

The main feature on tomorrow night's free movie program at the Albany Library, sponsored by Friends of the Albany Library, will be "Before the Mountain Was Moved," concerning the community's action to save the mountains in Raleigh County, West Virginia, from the strip miners, and featuring the townspeople themselves instead of professional actors.

A second short color film, "The Hurdler," deals with the late Dr. Charles Drew, whose pioneering research in blood plasma led to the modern blood bank system.

Admission to these Thursday-Night-at-the-Library movies is free and the public is cordially invited to attend. The program starts promptly at 7:30 p.m., and lasts for approximately 1 hour and 15 minutes. Come early as seating is limited.

ROBERT L. NEHLS, member of the Albany Board of Education, accepts a plaque of appreciation for his service as president of the Alameda County School Boards Association during the 1972-73 school year. Presenting the award is Mrs. Virginia M. Birdsall, of the Alameda County Board of Education, who will succeed him as president for 1973-74. Mr. Nehls will continue to serve the County Association as a director, and the California School Boards Association as a director also of Region 7, which encompasses Alameda and Contra Costa counties.

A Visit To Egypt

By Rosemary Paine

"Many suns have risen and warmed my face. The sands of time have passed before my eyes."

The voice of the Sphinx speaks from the darkness introducing the history of Egypt at the Son et Lumiere at Giza. It was a fitting climax to a 600-mile cruise down the Nile and a three-day visit in the bustling modernized ancient city of Cairo.

After travelogues by such journalists as Herodotus, Strabo, Plinus and Homer, it is with timerity that this modern writer reports on the wonders and the many faces of Egypt. They are visible today as they were then; and just as awesome.

Perhaps they are more so; when a comparison is made of the new University and housing complex of Assuit are seen in the morning and the same day at twilight farther down the Nile women are seen filling their jugs with water just as they have been for thousands of years.

The only way to see Egypt is by travel on this river that dates from the earliest of civilization. Passing Tasa where community and agriculture began and a little clay pot was made; later made larger, shape changed and the beginning of artistic design took place; you realize that the life giving river with its natural barricades of safety made the valley a reasonable settling ground for nomadic people to discover roots.

From this beginning a great civilization grew, flourished, built and created art forms that were to form a pattern for the world to follow.

These, still standing, you see too as you continue sailing down the Nile.

Starting at Aswan where the High Dam dominates, again old and new blend. The dam produces 1,000,000,000 cubic metres flowing daily. The storage capacity is 130,000,000,000 cubic metres. A short ride from it are the stone quarries. These quarries supplied ancient Egypt's sculptors and builders with granite. An unfinished obelisk is embedded in the quarry. It is 137 feet long and would have weighed 1,170 lbs. had it not been abandoned because of a flaw found

Albany Jaycees Seek 1973 Maid

The Albany Junior Chamber of Commerce is seeking Albany girls, ages 17-25 and unmarried, to participate in their 1973 Maid of Albany contest.

The winner of the contest will represent the City at the Maid of Alameda County contest at the Alameda County Fair in July, and may also have the opportunity to participate in a state contest later in the year. She will also represent the City of Albany at various civic affairs, ribbon cuttings and other events.

This year bathing suits and evening attire have been eliminated, and the girls will be judged in their street clothes.

Interested girls are asked to contact the current Jaycee president, Richard Edwards, at 527-6606, or the Albany Chamber of Commerce, 525-1771. A tentative deadline of June 15 has been set for contestants.

Council Holding Budget Sessions

The preliminary budget, submitted to the Albany City Council at their May 21 meeting by City Administrative Officer James Turner, shows a $72,000 increase over the $2,000,000 budget of last year, with no change indicated, as yet, in the $1.99 per $100 assessed valuation tax rate.

However, the Administrative Officer noted, in his accompanying budget message: "Your attention is directed to the fact that salary negotiations are currently underway, and as such, have not been indicated in this preliminary budget."

Workshop sessions on the budget are now being held, and Albany residents are invited to attend to give the Council their feelings and thinking concerning the various department budgets.

Tonight's previously scheduled hearing has been canceled to enable Council members to attend the Athletic Boosters Dinner. However, tomorrow night at 8 p.m., in the Council Chambers, the Park and Recreation Department's budget will be up for discussion, along with those of the Health Department and the City Treasurer.

Future scheduled workshops include: Monday, June 4, immediately following the Council meeting, budgets for the City Clerk and the City Attorney will be discussed; Tuesday, June 5, Police and Fire Department budgets, & Wednesday, June 6, the Chamber of Commerce budget.

As the Council previously stated—the time for the citizens to protest any budget expenditure is now, during the work sessions, and not later, after the complete budget has been approved.

Dog Vaccination And License Time

Albany City Treasurer Betty de Luchi and Deputy Health Officer Harold Van Coops, have announced that Albany residents must renew dog licenses before July 31.

All dogs must be vaccinated before a license can be issued, and evidence of current vaccination must be presented at time of licensing. Vaccinations are good for two license periods, if done between January 1 and June 30.

For the convenience of Albany residents, an experienced crew of Albany city employees and staff members of veterinarian Dr. Michael Floyd, will be present at the annual Albany low-cost dog vaccination clinic, to be conducted on Sunday, June 10, from 1 to 3 p.m., in the front door area of the Albany High School Gym on Pomona Ave.

Charge for the vaccination will be $2 per dog, and licenses at $2.50 each, may also be obtained at the same time. Dogs must be brought to the clinic on a leash.

Licenses may also be obtained Monday through Fridays, from 8:30 a.m. to 5 p.m., at the office of the City Treasurer in the Albany City Hall, 1000 San Pablo Aveue.

Deputy Health Officer Van Coops also warns Albany residents that the City is still considered a "rabies area" as rabid bats, skunks and squirrels are still being found in Alameda and nearby Contra Costa Counties.

DA's Office Still Considering Charges

The Alameda County District Attorney's office is still taking under consideration the charge of manslaughter against Bernice Adeline Hannon of El Cerrito, who was driving the car which fatally injured Jeffrey Arnold of Albany earlier this month.

The accident occured at the intersection of Santa Fe and Key Route Blvd., when young Arnold, who was test-driving a motorcycle he was planning to sell, was hit by Mrs. Hannon, who was making a left turn. Albany Police cited her, at the scene of the accident, for failure to yield right of way.

The fatally injured youth was taken to Herrick Memorial Hospital by ambulance, but was pronounced dead on arrival.

Passage of A & B Bonds A 'Must' For City of Albany

By Jerome Blank

(This is the last in a series of articles explaining the issues in the special June 5 School and City Bond Election.)

Previous articles have explained the need for Bond Measures A and B, to provide earthquake proof primary schools and to build a new Middle School. The cooperation between the Albany School District and the City of Albany, in joining together to purchase the Gill Tract land and to operate both school and recreational facilities together, is one of the most forward looking steps ever taken in our city. Instead of each government entity building its own individual building and plant, the new Middle School will be integrated with the City's fine recreational facility. The taxpayers will save thousands of dollars in initial land acquisition and construction costs, as well as in the savings of joint operation. School children can use the swimming pool, athletic fields and other facilities during school hours, and all citizens can use the school facilities, athletic fields and especially the gymnasium after school and during vacation hours. Perhaps never again will Albany enjoy such an opportunity, in acquiring reasonably priced land, not requiring condemnation of homes and removal of land from the tax rolls.

The importance of passing both Measures A and B cannot be overly stressed. Should Measure A pass by itself, the School District would not have sufficient funds to purchase the land and the Middle School would not have the necessary athletic facilities to go with its buildings. Should Measure B pass by itself, the City could not purchase the land either, as funds are needed from the School District for its acquisition.

This is no longer just an issue of concern to parents of school children. Every citizen in the community will be affected by the outcome of the two bond measures. From a purely economic or business viewpoint, good schools and community facilities create value. People are attracted to Albany because of its hometown flavor, the civic spirit shown by our fine people, and by the high quality of our schools. If we let our city and schools deteriorate, we will all be losers, and the value of every home and business will decrease.

If passed, the cost to the owner of an average Albany home is small, but the benefits are great. A 2/3 vote is needed to pass each issue. The failure of either one could have drastic human and economic consequences. The passage of Measures A and B will be a vote of confidence in the future of this city, its homes and its children.

Albany's Mayor Endorses Bonds

Mayor Lewis Howell

I would like to let the citizens of Albany know I am all for Bond Measures A and B. There is a crying need for these bonds to pass, and I hope everyone realizes it and will go to the polls next Tuesday and vote "yes."

We must consider the children first and formost — as our citizens of tomorrow, they deserve the best we can give them education-wise.

I am endorsing the bonds, not only as the Mayor of Albany and a citizen and taxpayer, but as the father of five children who received their education through our Albany schools. Other people helped pay for that education, and I feel I should help pay for the educational facilities needed by today's students.

I sincerely hope that every eligible voter in Albany will go to the polls next Tuesday and vote "yes" on Bond Measures A and B.

Local Girl Working With 'That Girl' For Benefit

Janet Hogue of Albany is working with TV star Marlo Thomas and Betty Snelling, regional director of ALSAC (Aiding Leukemia Stricken American Children), which raises funds for St. Jude's Research Hospital in Memphis, Tennessee, the hospital founded by actor-comedian Danny Thomas.

St. Jude's is a basic research and clinical institution, dedicated to fighting catastrophic childhood diseases, including leukemia, muscular dystrophy, childhood cancers and nutritional disorders. All care and treatment is absolutely free for any child, regardless of color or creed.

The hospital is supported by ALSAC and private donations, with over 93 percent of every dollar collected going directly to it. St. Jude's now has a 65 percent cure rate over three to five years for leukemia.

Janet has been selected as Albany co-ordinator for the 36-hour ALSAC/KNEW Radio-thon, to be held from 10 a.m., Saturday, 2 to 10 p.m. Sunday, June 3, with Danny himself making a personal appearance on Saturday, heading a list of celebrities who will be helping to make this year's fund-raiser an even bigger one than last year's.

Danny will be accompanied by his beautiful daughter, Marlo, star of the TV show "That Girl" and National Radio-Thon Hostess for ALSAC.

Supporting Danny and Marlo, will be Ron Reynolds of radio station KNEW, the Honorable John Reading, Mayor of Oakland; Mayor Terry LaCroix of Alameda and Mayor Jack D. Maltester of San Leandro.

Also on hand to help solicit donations over the air will be: Marion Hanson, Maid of California; Ben Davidson of the Oakland Raiders; Wayne Tarr and a group of Forty-Niners; Bob March and Pat McCormick of Channel 2's Dialing for Dollars; Joseph Koons, Knights of Columbus; Pippa White of Channel 7's "Morning Movie;" Johnny Weissmuller, Jr., Norman Barry, Joseph Whipp, Mimi Sarkisian, Leslie McMullin and Janet McGrath of "One Flew Over the Cuckoo's Nest."

Also expected to be giving a helping hand during the 36-hour radio-thon will be Tom Rolfing and Stacker Thompson of "Godspell," and a host of other Bay Area celebrities.

A large number of valuable prizes have been donated to be auctioned off by Danny Thomas, between 1 and 3 p.m., on Saturday. They include 12 personalized baseballs from the World Champion Oakland A's, along with 6 footballs from the Oakland Raiders, and 12 baseballs from the San Francisco Giants. Popular musician and composer, Bert Bacharach has contributed a personally autographer album of his most popular hits.

The radio-thon is being plugged as one of the largest lineups of personalities for one specific cause in the Bay Area. Albany residents are invited to call their favorite personality at 762-7000 or 762-8000, to make their pledge or bid for an auction item.

KNEW can be found at 91 on the AM dial.

Fire Captain Says Educate Family for Fire Emergencies

(This is the first in a series of articles on fire prevention in the home, and how to cope with other emergencies, prepared by Capt. Ray Gonzalves, Fire Prevention Officer for the Albany Fire Dept.)

Twelve thousand, two hundred people died last year in the United States, as a result of fire—and nearly nine thousand of these were children. Here, perhaps, Captain Ray Gonzalves, Fire Prevention Officer of the Albany Fire Dept., says is an area where citizens working with the fire service, can make a real contribution to the reduction of burn injuries and deaths through education.

Captain Gonzalves points out that two simple fire practices, which are sadly neglected, are family fire drills and individual exit checks.

Statistics show that less than one family in 50 has a family escape plan. Of the few people who check for fire exits when they are in an unfamiliar building, the majority admit counting on being able to see "exit" signs easily to make their escape in case of an emergency.

People have not been educated to ask: "How would I reach the exit in the dark, or in thick smoke? How many doorways are there between my room and the fire escape? How many rows of seats do I have to pass before I am opposite the fire escape?" These are just a few of the questions which should be discussed by family members.

Another important fact brought to light in a recent poll, is that 90 percent of the children under seven years of age did not know what to do if their clothing caught on fire.

Three, four and five year olds, as well as older children, could and should be taught to drop and roll, in the event their clothing was burning. In this connection, Captain Gonzalves notes that instructions to roll "in the dirt or in a rug or blanket" has been overemphasized. The emphasis should be on "drop and roll" immediately, not in taking time to look for something to roll in—unless it is close at hand.

WE CAN'T AFFORD TO WAIT:

- Our children need safe schools and an end to double sessions.
- Our city will gain a shared school and recreation center for maximum community use.
- Both measures require two-thirds' voter approval.
- Delay will force us to pay more to buy less.
- We all have an investment in Albany. Let's protect it by voting Yes on A and B on June 5.

FOR THE GOOD OF THE CITY — VOTE YES, JUNE 5

Have You Heard?

Albany girls who married mili-ry men are proudly announcing e news concerning their hus-nds: Marine Staff Sergeant nis Jeffries, husband of the mer Miss Judith Lentz, has duated from Drill Instructors hool in San Diego, and as a will now conduct recruit ining for newly enlisted per-nnel, teaching them develop-nt of discipline, physical fit-ss, as well as pride and love Corps and Country.

Mrs. John E. Chapman, for-merly Miss Joann Bates of Al-bany, is the wife of a Navy Fire Control Technician Third Class, who recently re-enlisted for another six years during cere-monies at the Naval Guided Mis-siles School in Virginia Beach, Virginia.

It was quite a memorable oc-casion recently, when three gen-erations of Albany Bank of America managers were present at an Albany Rotary Club luncheon.

Present were Walter Kees, who took over way back in the '40s; Bill McAuley, who just recently retired after 20 years there, and Doug Powell, the present mana-ger. According to Jerry Blank, editor of the ROTA NEWS, "All looking fine and not losing any 'interest!' "

Further news from the U.S. Marine Corps indicates that Staff Sergeant Herman Bosset, son of Mrs. Daisy Bosset of Albany, has reported for duty at the Marine Corps Air Station in Iwakuni, Japan. Herman joined the Corps in 1954.

May Ellis Olson spent a short stay in the Alta Bates Hospital last week, where she was oper-ated on for a cataract. May, hearty soul that she is, will prob-ably be home and around by the time you read this, as she was planning a party for today, for her sister Soroptimists, when we last saw her.

John Janjikian, owner of the Armenian Village had planned a wonderful vacation in Europe last month, but things just didn't go the way he planned.

Among other things, he had planned on having a good time in Beirut, visiting with his par-ents and old friends, but while he was there the Lebanese army got involved with the Palestinian Arabs and martial law was de-clared in the City. Then, the following week was Easter Week and, according to law, the towns-people are only allowed on the streets between 8 and 10 a.m. Anyone found out after these hours is shot.

Then, there was trouble at the air port and the guerillas shelled the field.

The trip wasn't a total loss, however, as John did manage a two-day visit in Athens, plus short stops in Frankfurt and Is-tanbul, and four days in London.

Security at the Albany Jail is VERY, and City Administrator James Turner can certainly at-test to the fact, from first hand experience.

Last Friday morning Jim was conducting an insurance man on a tour of the jail and the two accidentally got locked in. Al-though the Police Department staff heard Jim knocking, they just thought it was a disgruntled prisoner—and consequently ig-nored it.

If someone hadn't opened the door to add another customer, Turner and his companion might still be there. We imagine he was just a little "hot" about spending approximately two hours in the "cooler."

Rosemary Paine returned to Albany on Mother's Day, follow-ing a two-week trip to Egypt, and a glowing account of the tour ap-pears in this week's edition of the Times. However, her trip took second place in family dis-cussions, for a while, as her granddaughter, Samantha Adler, began a two-week appearance on TV's Romper Room, the follow-ing day.

Al Drosda, long time Albany resident and Albany business man, has turned from selling fuel for cars to the cars themselves.

Al, who operated Drozda's Richfield Station, on Washington and San Pablo Aves., lost the lease when the property was sold, and is now starting a new career as a salesman for East Bay Chev-rolet. Al always did have a good "gift of gab," and we're sure he'll make a good salesman.

Runnion Family Honors Parents

Mr. and Mrs. Berry Runnion

Long-time Albany residents, Mr. and Mrs. Berry Runnion, were honored recently, on the oc-casion of their 50th wedding an-niversary, by a catered dinner-dance, attended by their eight children, 19 grandchildren and one great-grandchild. They were also presented with a new living room set as an anniversary gift.

Thomas Berry Runnion and Ruby Sibert were married in Er-win, Tennessee, on May 5, 1923. They were both employed by a local potter at the time.

In January, 1943, Berry decided to make a change, and came to California by train, to work at the Porcelain China Pottery in El Cerrito. His wife followed in April, bringing their three boys and five girls, and also found employment at the pottery com-pany, where they worked until November of that year, when they purchased a small cleaning establishment in Oakland.

After living in El Cerrito for two years, they moved to Curtis Street in Albany in September, 1945, and have continued to live there. They later purchased a larger Oakland cleaning plant on Telegraph Avenue, where the couple worked until their retire-ment in 1967.

Ruby and Berry are avid bowl-ers and play in three leagues. They also love golf, and were members of several area square dancing groups for many years.

Their children include: Thomas Barry Runnion, Jr., of Lafayette; Mrs. Gene (Frances) Foerstel, San Jose; Mrs. William (Doro-thy) FitzMaurice, Orange; Jack, Berkeley; Fred, El Cerrito; Mrs. Al (Barbara) Kukman, El So-brante; Mrs. Louie (Carolyn) Valterza, El Cerrito, and Mrs. Richard (Rita) Smith of Berke-ley.

Note of Thanks

We wish to express our sincere thanks and appreciation to all of those who sent food, and for all the cards, Heart Fund donations and flowers, during the loss of our loved one.

A special thanks to Dr. Epstein, who gave so much of his service in our time of need.

A Visit to Egypt . . .

(Continued from Page 1)

in the center of the stone. Other obelisks were finished and float-ed down the Nile to the mighty temples at Karnak.

A little above Aswan, a bend in the river forms a natural lake and in the center is the Island of Philae. Once the Egyptian Holy of Holies, the center of Egypt's priesthood, but now par-tially submerged, the only way to visit is by boat rowed by Nu-bian boatmen. They chant as they row and the rythmic music adds to the enchantment.

Continuing down the Nile, is the double temple of Kom Ombo where ancient Ombos grew from town to prosperous city under the Ptolemies. Then on to Edfu and the temple of Horus, off-spring of Osiris and Isis. Esna, and the temple of Khnum, em-bellished during the Roman pe-riod where the emperors of Rome were represented on its walls in the guise of the Egyptian Pha-roahs is the reward following a dawn sailing when the Nile turns pink with the rising sun.

The world-famous temple com-plexes at Luxor and Karnak are reached from dockside by horse and carriage. The temple at Lux-or was built by Amenophis III on the site of an old sanctuary. Ded-icated to Amen, the president of the gods, to his wife Mu, and to their son Khunsu, the moon god, the graceful columns rise and add to the luster of the city built around it.

What can one say of Karnak, acres of temple complexes, added to by Pharoahs as they came to power, until it stands today like no other antiquity? Awesome by daylight, mystical by moonlight, it is a monument to man's cre-ativeness from an age considered old even by the earliest Greeks. Once known as the city of Thebes, with its hundred gates, at one time Luxor and Karnak were connected by a great avenue.

Across the Nile on the western bank are the Valley of the Kings and the Valley of the Queens, the temples of Habu, Ramesseum, and the tombs of Tutankhamun, Seti, Amenhoteb II, Ramses VI, Hormoheb, Thotmoses and Queen Nefertari. On the walls of the tombs are depicted a history of ancient Egypt and a way of life carved and painted and lifelike. Continuing down the Nile are Dendara, Nag Hammad, El Bal-yana, Abydos, El Badari, Abu Tig, Mallawi, Beni Hasan, Beni Suef, Saqquara with the step pyramid and the mastabas, Giza and the mighty pyramids, and on into Cairo.

Cairo, a blend of old and new, cannot be seen in a day. One day I literally opened and closed the Museum. Greatest of its kind in the world, it houses monu-ments dating back 5,000 years. Some of the building reflects the problems in the Middle East to-day. Halls are sandbagged, and some treasures are in the vaults beneath the ground. However, much remains to be seen, and the voyage down the Nile was en-riched by exhibits found in the excavations of the temples and tombs and even of the earliest Tasian culture.

Mosques, early Coptic sites, the El Khlil Bazaar all hold an in-terest for the tourist—and all play their part in the history of Egypt.

It takes time to visit Egypt, and is this surprising? Consider the thousands of years it took to build it!

And so the Sphinx concludes his tale of the history of Egypt:

"Tomorrow, once more, the rising sun will give me his first caress. Thousands of other suns shall rise again, and man's achievements will remain the highest, the purest, a gift from the immortal Nile."

Retiring Minister To Be Feted at EC Church

The Rev. and Mrs. Ortwin R. Janke will be honored guests Sunday, June 3, at a special wor-ship service and reception to be held at Grace Lutheran Church in El Cerrito, on the occasion of Pastor Janke's retirement from the active ministry of the Luther-an Church, Missouri Synod.

Rev. Janke was transferred, as a missionary, to the Albany-El Cerrito area in 1934, and a year later was called as a minister to the newly organized Grace Luth-eran Church, Missouri Synod, then meeting in the Albany Vet-erans Memorial Building.

He and his wife, the former Bertha Liebe, were married in February, 1934, and resided with their children in Albany for many years before moving to their present home in El Cerrito.

The couple's son, Rev. Paul B. Janke of Cordova Lutheran Church, in Rancho Cordova, Cali-fornia, was ordained by Pastor Janke in June, 1961, on the 30th anniversary of his own ordina-tion. Their daughter, Marga, is the wife of Rev. James Schaefer of Trinity Lutheran Church in Porterville.

Rev. Janke has been an active member of many parent, school and civic groups in the area, hav-ing been associated with the Boy Scouts, Girl Scouts, the Red Cross, and at one time served as an honorary member of the El Cerrito Chamber of Commerce. He was also a member of the Al-bany Board of Education's School Advisory Committee.

Many out-of-town guests have been invited to the service and reception which will follow, in-cluding three former classmates of Pastor Janke's. Approximate-ly 300 persons are expected to attend the celebration, which will include a buffet supper.

Needed For Tiny Tots

Are you home all week, and looking for a more meaningful and satisfactory way to utilize your time? Do you enjoy caring for little children from infancy to the age of two? Then, perhaps you should consider turning your home into a licensed Family Day Care Home.

The Alameda County Human Resources Agency's Welfare Department gets many phone calls daily, from working parents, seeking a licensed home that will care for their infants and small children while they are at work, and at this time the Agency has nowhere near the supply of homes needed to meet the public demand.

In this day of working mothers, adequate child care is an area of community concern. The State of California delegates responsibility for licensing Family Day Care Homes for children to the County Welfare Depts. because the licensing of these homes is a child protective service.

Because a child, who spends an average of 50 hours a week in someone elses home, is obviously receiving a great deal of his or her training and nurturing from a source other than his parent, the Dept. must be concerned about the nurturing qualities of the Day Care parents and the activity and stimulation they offer the children placed in their homes. To insure the Day Care parents have enough time to individualize each child's care, Family Day Care homes are licensed for no more than two children under the age of two years.

Becoming a Family Day Care Home offers an opportunity not only to serve the children of the community, but also to add to the family's income.

Persons interested in further information on becoming a licensed Family Day Care Home, should call Mrs. Joyce Goris at the Alameda County Human Resources Agency, 874-5605.

Obituaries

Jeffrey M. Arnold

Jeffrey Matthew Arnold passed away on May 8, from injuries received in an auto-motorcycle accident. He was a resident of Albany, and lived with his mother, Frances Kelly Arnold.

He had been employed at the Berkeley Future Design Co. as an upholsterer for five years. He was a graduate of Albany High School, class of 1971.

Besides his mother, he is survived by his father, J. Howard Arnold of Berkeley; brothers and sisters, Martha Ettinger of Fairborn, Ohio, James F. Arnold of Albany, Jonathan W. Arnold of Albany, and JoEllen Arnold of Kierspe, Germany. He also leaves his grandmother, Mrs. Martha Arnold of Houston, Texas. He was a native of Berkeley, aged 19 years.

Private family services were held at the Ellis-Olson Mortuary on May 10, with Rev. Garner S. O'Dell of the Calvary Presbyterian Church officiating.

Opal V. Sibert

Opal V. Sibert, a 12-year resident of Albany, passed away in a Berkeley Hospital on May 20. She was a native of Coburn, Va., aged 67 years.

She is survived by her husband, Ralph Sibert; children, Hilda Padgett of Erwin, Tenn., Peggy Mason of Pittsburgh, Penn., Pat Peters of Hayward and Jerry Sibert of Alameda; a sister, Mrs. Enolia Campbell, and a brother, Leroy Stallard, both of Erwin, Tenn.

Funeral services were held Wednesday, May 23, at 1:30 p.m., at the Ellis-Olson Mortuary with Dr. Fred Stripp officiating.

Church Women's Annual Luncheon

Friday, June 1, at 12:30 p.m., is the date and time for the annual Spring Luncheon planned and prepared by the Albany United Methodist Women.

Mrs. Earl Hazelton and Mrs. Jerome Blank, co-chairmen for this year, promise those attending a delicious luncheon and an interesting and entertaining musical program, featuring Albany High School musicians directed by Ernest Douglas.

Tickets, at only $1.50 each, are available by calling 525-4808 or 527-5412.

Fun and Friends

The Berkeley Community YWCA Summer Day Camp is in need of high school and college-age volunteers, to assist the staff in providing activities such as music, drama, dance, arts and crafts, cooking, nature exploration and sports.

This is an excellent opportunity to gain experience in working with children 5 to 10 years old, during the four two-week sessions of Day Camp, which will begin on June 18, and will be held weekday mornings only.

Volunteers are also badly needed to converse in English with Japanese students, as part of the English-In-Action at the YWCA. Men are especially needed in these sessions, which take place at the Y on Tuesday and Wednesday afternoons from 3:30 to 5.

The Japanese students in this program are studying English in an intensive course at the Berkeley Institute, 2425 Prospect St.

There they are spending five hours a day, for from three to six months, just learning English, and the conversational experience they receive at the Y is a most important addition to their more formal studies at the Institute.

The volunteers who come to converse with them, find an opportunity to make new friends and learn about Japan from these very interesting young people.

To volunteer for either of the above programs, please call the Y at 848-1882, or drop in at 2134 Allston Way between Shattuck & Oxford St. in Berkeley.

Dieting Easier

Former Albany resident Nancy Hall has returned to Albany to supervise the workshop on dieting, now being held on Mondays, at 9:30 a.m., at the Albany Senior Center, 846 Masonic.

The workshop includes private weekly weigh-ins and exercises, and features guest speakers discussing topics of interest to the groups, such as make-up, dress styles and fashions, as well as cooking for health and diets.

Work shop activities also include tasting parties, potluck suppers, fashion shows, and lectures and discussions on diet problems. Members are taught not only how to lose weight, but how to keep it off.

Members are also offered a variety of cookbooks and pamphlets designed to give those dieting a large list of mouth-watering main dishes, sauces, soups, appetizers and desserts with which to plan their menus. One cookbook is devoted entirely to desserts, while a brochure entitled "Secretaries' Diet" is devoted to sample menus for those who must eat out or pack their lunch.

At present the 9:30 a.m. Monday workshop is the only one being held, with 12 people attending. However, since many more people had expressed interest, Mrs. Hall is anxious to find out if a more suitable time would encourage more attendance. She is even willing to plan an evening session if enough people sign-up. Already five persons have indicated they would be interested in the p.m. session, but 15 more are being sought to make it worthwhile to hold an evening class.

Anyone interested in joining the Monday morning class, or interested in the evening class or another at a more convenient time, is asked to call Mrs. Beaulah Belling at the Albany Senior Center, 526-1601, or Mrs. Hall at 682-1112.

Regional Park District Offering Free Firewood

Gary Pickering, foreman of the East Bay Regional Park District timber crew working near the Chabot Gate of Anthony Chabot Regional Park is inviting the "fireplace set" to visit the area and get free firewood from the scores of eucalyptus trees killed in last December's freeze, which his crew is now felling.

"Send 'em to Chabot Gate," he said. "We've got all the firewood they can use."

Pickering cautioned would-be wood choppers to make sure their axes and saws are sharp, and that their chain saws are in safe operating condition before going to the cutting site. "Dull cutting tools can create accidents," he noted.

For those who are planning to cut eucalyptus firewood, Pickering, an experienced woodsman, listed the following do's and don'ts, which could save someone from serious injury:

Don't handle edged tools, such as an axe or chain saw, without wearing gloves; don't wear loose or uncomfortable clothing that may catch or snag; don't work in unstable footing; don't work on the downhill side of a log; don't cut limbs from the side of the log you are working on; don't use dull tools, and don't carry edged tools in the passenger compartment of your car when you are carrying passengers.

These are some of the "do's" Pickering lists: do start your chain saw on the ground; do clear your work area before starting to cut; do quit when you are tired; do make sure your chain saw spark arrester is functioning; do have a first aid kit handy; do practice a few cuts before beginning work in earnest, and do keep both your hands on the saw.

Where Are These 1968 Graduates?

"Missing" students include: George Alt, Jeanne Boles, Susan Brant, Gloria Chavez, Janet and Janice Clausen, Richard Cavallera, Edward Doerffler, Mary Ferreira, Bonnie Francis, Paul Camba, Michael Glading, Ronald Hurlburt, Rexford Kemp, Elizabeth Macagba, Richard Magid, Tamas McDonald, Larry Olson, Michael Petrie, Brad Smith, Beverly Tew, Antoinette Villa and William Young.

Anyone knowing the whereabouts of any of these former AHS students is asked to contact Jerry Thauberger by calling him at 548-3526, or writing to him at 2498 Piedmont Ave., Apt. 9, Berkeley, CA 94704.

SENIOR CITIZENS

846 Masonic Ave.

By F. E. (Ted) Pickerill

"Beulah's Day" last Thursday, to celebrate Beulah Belling's 10th anniversary as Director of Albany Senior Center, turned out to be a bigger smash hit than anybody (including Beulah) had anticipated. At the most, 120 people were expected.

People kept coming in: 115, 120, 125, 130, and they still kept coming. The Center ran out of chairs, and then out of the refreshments donated by Beulah for the occasion. The only things that kept abreast of the events were coffee and good will.

Edna Cowan, President of Albany Senior Center, presented Beulah with a corsage and a gift of sizable proportions of our appreciation for her help to us. Beulah made a speech; the past presidents stood up, were recognized and applauded; Jeanne Hadfield sang a song dedicated to Beulah and received more applause. All in all, it was quite a day. We hope you were there!

Seniors are again reminded that the time is here for them to file for their property tax refunds. This is very important since these refunds can be a cosiderable amount. Mrs. Jean Rutherford will be here at our Center every Tuesday and Friday from 1 p.m. to 4 p.m. to help you fill out these forms. By all means, take advantage of this help. Everybody over 62, living in his or her own home, is eligible to file.

The subject of Leila Henderson's class on Wednesday, May 30, from 10:30 a.m. to 12 noon, will be "What It's All Abut." A representative of the Bay Area Funeral Society will host this program. None of us look forward with anticipation to leaving this world, but the Bay Area Funeral Society really has a message for us. It is information about how we can depart without leaving an excessive amount of our estates just for our demise.

Leo Vuosalo's class on World Affairs will follow from 12:30 p.m. to 2 p.m.

Come in and see us. We always welcome visitors, many of whom become members of our Center. Want more information about any of our activities? Just phone 526-1601.

Editor, the Times:

I am puzzled over the apparent lack of dialogue over Bond Issues A and B. I have several questions:

1. Why is it necessary to build another school when enrollment is dropping?

2. Why do we need a recreation center so near the present one on Monroe St.?

3. Why is such a drastic change proposed without consulting Mr. Osmudson, whom the City has paid to work out a recreation proposal?

4. I wonder at the wisdom of placing a school on what is already a rather dangerous thoroughfare, and will be much more dangerous after the proposed Albany Hill high rise is built.

5. Why not rebuild Cornell School on land already owned.

Sincerely,
JEAN THOMAS

Editor, the Times:

Recent legislation has increased the homeowner's exemption from $750.00 to $1750.00 of assessed valuation, and this reduction in assessed valuation will become effective in the 1973-1974 tax bill. To be eligible for the exemption a person must own or be purchasing his home, must have occupied it on March 1, 1973 and must have filed for the exemption by April, 1973. However, a late filing can be made until June 15, 1973, and 80 percent of the exemption can still be received.

On June 5th, we, the citizens of Albany, will be asked to approve bond Measures A and B. We realize the successful passage of the bond issues is vital to our community. With a reduction in taxes resulting from the increased exemption, the burden of paying for the school and city bonds will be considerably lighter, and rather than ask ourselves can we afford to pass the bonds, we are in a better position to ask ourselves can we afford not to?

Yours very truly,
DOROTHY M. BROWN

Editor, the Times:

A short time ago we bade bon voyage to a blithe spirit, her journey of some 98 years was ending and she was going "home." There were no detours in her journey, her course in this earthly life was well charted. She was one of those unique few who knew who she was, why she was here and where she was going. Eva Grace was filled with the Spirit that made work a joy, she was filled with the determination that made going ahead a pleasure. Her joy was in the journey, knowing the best was yet to come.

Each day she lived her life to the fullest—giving of her love—her intellect—of her very being—to others and with this great gift of living, a little of Eva Grace rubbed off on each of us who had the privilege of knowing and loving her.

To her relatives, her many friends and acquaintances, I say, "Rejoice—be of good courage for we have had the beauty of experience in traveling some of the journey with Eva Grace and can share in her love and devotion to God and Country.

Respectfully submitted
with love,

Friends and Associates Honor Superintendent Forry

Approximately 300 friends, relatives and associates of Kenneth M. Forry, who will retire next month as Superintendent of Albany Unified School District, a post he has held since 1951, honored him at a Recognition Dinner, Saturday, May 12, at the Marriott Inn on the Berkeley Marina.

Former Board of Education President Charles A. Pinkham was master of ceremonies for a program that included a variety of presentations and honors for the retiring educator.

A highlight of the program was the appearance by the uniformed Albany High School Band, and their director, Ernest Douglas. The musicians presented Ken Forry with a chef's hat in appreciation of all the Band Boosters' Fish Fries he had participated in.

Albany High School librarian, Mrs. Mary Wallman, presented the guest book, signed by those who had attended, and communications from those who were unable to do so.

Other presentations included a special "continuing service award" from the PTAs, who were represented by Mrs. Robert Torstrom, president of the Albany PTA Council; a resolution from the Albany City Council, presented by Mayor Lewis Howell; and resolutions from the Alameda County Board of Supervisors (presented by Judge Lewis F. Sherman in the absence of Chairman Joseph Bort), the Alameda County Board of Education, and the California State Senate and Assembly.

Skits, featuring various school personnel, highlighted Ken Forry's life as a school superintendent, including the Floradora Girl act he and other school principals appeared in at many civic functions a few years ago.

A special slide show featured simultaneous flashing of three slides at once, depicting Albany schools, individual students in various activities, classroom scenes, etc., and was accompanied by Beverly Marks' singing "Getting To Know You" as the background music.

Following messages by William Corlett, Albany School District architect, and Robert Nehls, past president of the Board of Education, Forry was presented with a golf cart, complete with clubs and cap, and a sign indicating he had recently made a "hole-in-one."

Group singing of two songs, with words especially written for the occasion, completed the program.

High School Department Heads Comment On 1973-74 Budget Cu

According to an article in the most recent issue of the Albany High School "Informer," Albany High may be faced with a very grim situation next year, because of School Superintendent Kenneth Forry's proposed 1973-74 school budget.

The article cites the fact that school departments have been asked to trim their operating budgets by as much as 70 percent in some cases, to achieve an overall 50 percent drop in school expenses.

Departments and their proposed cuts are as follows: Social Studies, $2,000 cut; Foreign languages, $1,800; Math, $600; Art, $1,300; English, $2,500; Home Economics, $3,500; Industrial Arts, $2,500; Music, $2,000 and PE and Athletics, $2,900.

In the Math Dept., even though the cut is small ,there will be no money to repair the computer if it breaks down, and, according to Math Instructor Norm Smith, "We will not be able to keep up with new developments. We won't just stand still in the development of our curriculum, we will go backwards."

Art teacher, Mrs. Skelton commented: "We drop any courses. However dents might have to bring own supplies, such as oil and other expensive mate their work will be limited."

In the Industrial Arts ment, Instructor John indicated classes will co more lectures and much work, because the bud leaves only a small am money for actual teachi terials.

Music Department head Douglas indicated that will have to continue pe with old music and inst replacement would be able, if the proposed bud are approved. "We wou able to take trips to games, music festivals, dero Music Camp unless dents can pay for them he said.

The Board of Educati be working on the 1973-7 during the summer, and justments will be tentati the final budget is appro

WANT TO KNOW THE HONEST TRUTH ABOUT GROUND BEEF?

IT'S THIS: NOBODY can guarantee its EXACT fat content.

There's been lots of talk lately about the fat/lean ratio in ground beef. So why not label each package: Contains X% of fat? Let us tell you why.

We've been making ground beef just about as long as anyone and we know there's no way to make two batches that are exactly alike. Two samples taken from the same batch (or even the same package) can differ in ratio of fat to lean. Even with meticulous care in selecting ingredients, there are variations in fat/lean ratio. Even with our most modern grinding and mixing equipment. Even with use of the best available fat-measuring devices.

Yet we know our customers want and expect us to provide them with a choice of ground beef products to meet their varying preferences, tastes and budgets. After long and careful consideration, we have concluded that we can best meet our customers' need for variety by offering just two ground beef products—REGULAR and PREMIUM. We make both kinds from fresh chunks of beef. We prepare both kinds with equal care to maintain the top quality which has helped earn our fine meat reputation.

Our REGULAR is made the way we believe most families prefer their ground beef. It contains enough fat to assure full juiciness in the cooked meat. It makes marvelous hamburgers, meat loaves, meat balls, spaghetti sauce, Salisbury steak and other delicious dishes.

Our PREMIUM is made to please families that want a leaner ground beef. It shrinks less in cooking and makes wonderful ground beef dishes of all kinds—plain and fancy.

Why not try both kinds and see which is preferred by the folks at your house? (You might even want to make a mix with some of each.) The famous Safeway money-back guarantee applies, of course, to our ground beef as to all of our other products.
